

## **About the Keynote Speaker**

### **Victor Nichols**

As Chief Information Officer and head of the Technology Information Group (TIG) in Wells Fargo Services, Victor Nichols is responsible for the core technology activities of the company. Victor has more than twenty-five years of experience in the finance industry and information technology. Prior to joining Wells Fargo he was President and CEO of Vicor, a company which delivered advanced corporate receivables management solutions as well as electronic delivery services globally. His experience also includes serving as President of Safeguard Business Systems, a thirty year old company that provided a variety of products and services to more than one million small business clients around the world, using a global network of distributor and franchise partners.
