

Session C13 – Intro to Security Auditing

About the Speakers

Carey Anne Carpenter

Carey Anne Carpenter – 2nd Vice President of the ISACA SF chapter. Carey is an Enterprise Risk Services Manager at Deloitte & Touche with over six years of experience in delivering information systems audit and controls assurance services to a variety of organizations. In addition to working for Deloitte & Touche, Carey was an Internal IT Audit Manager for a major consumer goods company headquartered in London, England. Carey has performed or participated in a number of enterprise-wide risk assessments aimed at developing risk-based audit plans to address both business and technology-specific risks. Carey has also implemented risk-based audit approaches for financial, operational and information systems audits. Carey previously served on the boards of the South Florida ISACA and Palm Beach IIA chapters. Carey has earned a Masters in Accounting, Accounting Information Systems and B.S. Degree, both from Florida Atlantic University. She is a CPA and a CISA.

Monica O'Reilly

Monica O'Reilly is a Senior Manager in Deloitte & Touche's Enterprise Risk Services group. She has over 12 years of IT auditing and consulting with industry experience in high-tech, Internet, consumer products and real estate. She has been involved in extensive network security implementations to guard against external and internal access threats. Including implementing security controls for Novell NT and Unix platforms, in addition to conducting various IT audit and information security assessments.
