

Session S13 – Streamlining Security Audits

About the Speaker

Douglas Barbin

Douglas Barbin is the Western Regional Director for VeriSign's Global Security Consulting practice. As such he is responsible for business development, financial management, staffing, project methodologies, quality assurance, and client satisfaction. Prior to his appointment to Director, Mr. Barbin was a Principal Consultant responsible for managing large security consulting engagements which span nearly all of VeriSign's service lines.

Douglas has spent his entire career in information security, investigations, and assurance. He started as a forensic accountant, and segued into computer forensics, electronic discovery, and high technology crime and network investigations. Douglas graduated cum laude with bachelor's degrees in Accounting and Administration of Justice from the Pennsylvania State University. He is an officer of the ISSA Sacramento Chapter and the SANS Institute where he helped develop the GIAC Certified Forensic Analyst accreditation where he currently is a grader of candidate practical essay assignments. He has published scores of articles, has contributed to books on information security, and is a regular speaker at venues such as RSA, SANS, ISSA, and ISACA. Douglas holds CISSP, CPA, CFE, and GCFA certifications.
