

Session T1 – Audit and Security of Unix

About the Speaker

Rodney Kocot

Rodney Kocot is a technical EDP Audit Consultant for Systems Control and Security Incorporated. Rodney provides technical audit training and consulting services for corporations worldwide. He has been an EDP Auditor for 23 years. Responsibilities have included technical audits of operating systems, network audits, and audit software development.

Seminars presented by Rodney include automation techniques, software, and audit programs. Topics include programming, audit and security automation, auditing minicomputers, and securing minicomputers. He has performed AS/400, LAN, Tandem Guardian, Unisys, Unix and OpenVMS audits using Visual Basic and Microsoft Access to automate the reviews.

Rodney was involved in the Los Angeles chapter of the Information Systems Audit and Control Association. He held various positions in the Los Angeles chapter including President, Executive Vice President, Vice President, and Secretary.
