

Session C21 – Data Analysis- Leverage CAATs in Your Audits

By Sheryl Eberhardt and Duy Nguyen, Deloitte & Touche

Topic Summary

This session will focus on improving the efficiency and effectiveness of audits through the use of Computer Assisted Audit Techniques (CAATs). CAATs will be reviewed from a historical perspective; their benefits, opportunities, inherent challenges and success in detecting fraud will be detailed. Participants will be presented with information on improving the planning and management of audits, as well as case-studies practical for a variety of settings.
