

## **Session C22 – Business Continuity Management**

*By Neville Morcom, Deloitte & Touche*

### Topic Summary

This session will present the leading practices in business continuity management (BCM), through the speaker's experiences and those of many of his clients. You will learn an approach to business continuity planning that results in a comprehensive, enterprise-wide BCM Program, not just Information Systems focused. We'll also discuss an approach to reviewing your BCM Program to ensure it meets the business' needs.
